Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Tuesday 02 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers at first tonight, becoming dry for a time.

This Evening and Tonight:
Heavy showers at first this evening, soon clearing away east. Most places then turning drier with some clearer spells developing, and winds decreasing. Further rain arriving from the south toward dawn. Minimum temperature 5 deg C (41 deg F).

Wednesday:
A spell of rain will likely linger through the morning, especially in the south and east. Some afternoon brightness in the west but also a few showers. Maximum temperature 10 deg C (50 deg F).

Outlook for Thursday to Saturday:
Thursday and Friday, some bright spells but also some showers, heavy at times. Saturday, further spells of rain likely, perhaps turning wintry later as colder northeast winds develop.
